

Working to Transform School Counseling in Iowa

Six Challenges To Consider During This Conference-And Beyond!

Re: Iowa's Achievement Levels

- + How can you be an unrelenting advocate for improved student outcomes and a college-ready culture preK-12?

Re: Globalization of the Economy

- + How can you promote the “universal constructs” referenced in the Iowa Core, aka the 21st century skills?

Re: Iowa's Changing Demographics

- + How can you be unrelenting in your commitment to equity for all learners (regardless of the “column” or category they fit into)?

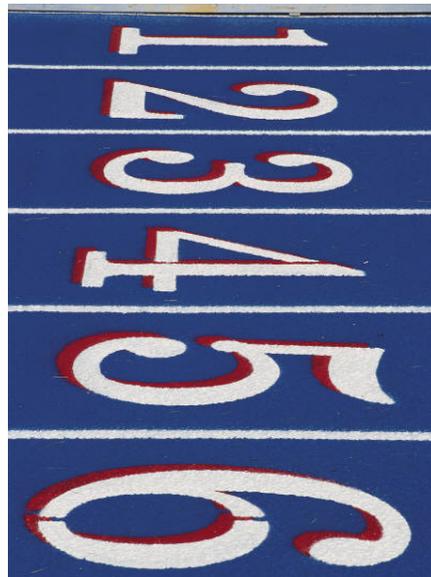

Re: The Impact of Technology

- + What ways can you both harness and unleash the power technology has to impact educational outcomes for kids?

Re: Being Good As Well as Smart?

- + What policies and practices in your building are well-intentioned but not working to promote good character? What assumptions are we making about kids and their decision-making skills? What can you do for them?

Re: Involving Parents and Community

- + What can you do to lead the movement to “flipped” parent and community engagement?
